Summary

Detail-oriented Computer Science undergraduate specializing in full-stack development and IoT. Skilled in building scalable, high-performance applications with clean architecture and intuitive UI/UX. Proven leader in technical projects, driving innovation through cloud-native solutions. Passionate about harnessing AWS technologies to educate, empower, and build collaborative communities.

Education

SRM University: Bachelor of Technology in **Computer Science and Engineering** with specialization in **Internet of Things and Embedded Systems** 2023-2027

- **CGPA: 9.7**

Higher Secondary: Central School No. 1, Indore (M.P) 2020-2022

- Percentage: 91%

Clubs:

- **Technical Associate : ACM SRM STUDENT CHAPTER**

Skills & Technologies

Languages: C++, C, Python, Java, JavaScript, Typescript

Databases: Experienced with distributed, multi-tiered systems, algorithms, and relational databases like MySQL & PostgreSQL

Frontend: React.js, React Native, Next.js, TypeScript, Tailwind CSS, Redux, Framer Motion.

Backend: Node.js, Express.js, Firebase, MongoDB, SQLite

Version Control & Deployment: Git, GitHub Actions, AWS EC2 ,Vercel & Netlify

Data Analytics: Microsoft Certified POWER BI Analyst

Machine Learning: Advanced Python for machine learning and model training using TensorFlow and PyTorch

Industry Experience

Infosys Sprinboard : Android Developer Intern, Remote **March 2025 – June 2025**

- Developed and integrated new React Native components, optimizing UI/UX and performance.
- Implemented Redux and flexbox for state management, **improving app responsiveness by 30%.**
- Reduced load time by 25% - Reduced average page load time from **5 seconds to 3.75 seconds,** enhancing user retention.

COGNIZANT: Software Engineer Intern, IIT Roorkee **August 2024 – September 2024**

- Led the development, maintenance, and updates of the official website, improving **performance by 35%.**
- Optimized responsiveness and user experience across all devices**, enhancing accessibility by 30%.**

WIPRO: **Web Developer** **June 2024 – July 2024**

- Enhanced UI/UX design, implemented new features, and ensured cross-browser compatibility, improving user **engagement by 45%.**
- Fixed bugs, monitored analytics, and optimized responsiveness across devices, **reducing load time by 25%.**

Technical Projects

Fitness Tracker App **Demo Link- FitVerse**

- **Developed a mobile application to monitor daily and monthly workouts, offering personalized exercise recommendations based on user activity and goals. Implemented intuitive UI components and integrated data visualization for progress tracking.**
- Technologies: AI chatbot integration, React Native, Expo, JavaScript, integrated real-time BMI calculative suggestions. An app to track daily and monthly workouts and provide personalized daily exercises.

NetSec Chatbot **ASTHAMORE2004/NetSec-Chatbot:**

- NetSec is a network security chatbot, an AI-powered virtual assistant designed to help manage and enhance the security of a computer network
- Tools Used: Vite + React and Tailwind CSS and Vercel for Deploying in browser.

Rhno-EV **ASTHAMORE2004/Rhyno-EV**

- An E-commerce website where users can find various kinds of electronic vehicles and purchase or rent them.
- Tools Used: Vite + React and Tailwind CSS and Vercel for Deployment.

Vehicle Rental Management System **ASTHAMORE2004/Vehicle-Rental-Management**

- A website for car rent in DBMS where users can find all the resources to start their journey in minutes.
- Tools Used: Vite + React and Tailwind CSS and Vercel for Deployment.

Certifications

- Meta Database Engineer with advanced MySQL -Coursera
- **Cloud essentials and practitioner – AWS CLOUD**
- TATA STRIVE CYBERSECURITY course certification - TATA COMMUNICATIONS
- NPTEL Programming in Java (66% aggregate score) – NPTEL
- Career Essentials in Generative AI - Microsoft and LinkedIn

Achievements

- Launched the **first AWS Cloud Skills Club at SRMIST** Collaborated with a highly skilled team to design and implement scalable features, ensuring optimal performance and user experience.
- **Idea Spark Innovators:** Ranked among the top 20 out of 160 teams, showcasing innovative ideas, solutions and teamwork.
- **Top 10 amongst Branch Toppers**: Scored an aggregate GPA of 9.7+ securing place in top 10 rank holders.
- Team leader for various project expo's and organized a few hackathons successfully in college.
- **Developed & Maintained Websites for 3+ College Clubs**: Improved site performance and accessibility, increasing engagement by **55%**.
